<b>PRE-AGGITATE WITH CRB MACHINE</b> First we use our Counter Rotating Brush machine to pull up as much of the pet hair, dirt, dander, and debris possible. You will be amazed at how effective this machine is at removing the pet hair	✓	✓	✓
<b>PRE-VACUUM</b> Then everything, that we were able to pull out of the carpets with the CRB is then vacuumed up. Take a look at all of the pet hair that was locked in your carpets!	✓	✓	✓
<b>PRE-TREAT STANDARD</b> Our Pet Basic Package is not for houses with Pet Urine Issues. It is a general cleaning to rid the carpet of the pet hair, dander and oils left behind by our furry friends. We use our our highly effective encapsulation solutions for this package.	✓		
<b>PRE-TREAT URINE</b> The upgrade from Pet Basic to Pet Plus is all in the cleaning solution. We typically treat your carpet with Vacaway's Encapacide to rid your carpets of the pet urine odor's that are present. This is done for homes with mild to medium severity odor issues.		✓	✓
<b>SANITIZE</b> We also include a sanitizer in our cleaning solution to kill the bacterias and germs left from the urine.		✓	✓
<b>PRE-SCRUB</b> Your carpets are pre-scrubbed with fiber pads. Then a second pass with carpet bonnets is done to lift the dirt, oils and greases from the carpeting. Your carpets are left looking and smelling fresh!	✓	✓	✓
<b>ORBITAL CLEANING</b> Your carpets are scrubbed with microfiber pads lifting the dirt, oils, and greases from the carpeting. Your carpets are left looking and smelling fresh!	✓	✓	✓
<b>POST FLUSH</b> Our Pet Ultimate Package is for those homes with more severe odor issues. We apply up to 2 gallons of Urine Treatment using our water claw extraction system and then shield the carpet with our Guardian Protection to make cleaning accidents a little easier.			✓
